INVESTMENT STRATEGY

The Archer Balanced Fund seeks long-term growth of capital and income by employing a total return, asset allocation approach investing in a diversified portfolio of equity and fixed income securities. The Fund typically maintains between 50% and 85% of assets in equity securities and has the ability to hold a significant allocation in cash should market conditions warrant. The Fund's fixed income allocation primarily targets short- to intermediate-term, investment grade securities.

FUND INCEPTION DATE

You should carefully consider the investment objectives, potential risks, management fees, and charges and expenses of the Fund before investing. The Fund's prospectus contains this and other information about the Fund, and should be read carefully before investing. You may obtain a current copy of the Fund's prospectus by calling 800-581-1780 or by downloading one online at www.thearcherfunds.com. The Fund's past performance does not guarantee future results. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance of the Fund may be lower or higher than the performance quoted.

Note: Allocations of investments shown above reflect the Fund's investments on June 30, 2019 and may not be representative of the Fund's current or future holdings.
